HIDDEN TREASURES

CONGRATULATIONS!

You have found the hidden treasures!

The cards in this box have all been previously published in small packs sold exclusively through our online store, Warehouse 23, and in our booths at various conventions starting in 2010. We've had many requests over the years to make them more widely available, so here they are!

SPECIFIC RULES

A few of these cards use rules that are found only in certain sets. If you want to use those rules and don't have those sets, here are some workarounds (and a pointer to the sets with the full rules, which can be downloaded from those sets' pages on munchkin.sjgames.com):

- **Steed/Vehicle/Ship:** If you don't have the rules, treat these as Big items that do not count against your Big item total. The best Run Away bonus from these Items *replaces* any other Run Away bonuses or penalties you may have. Steed rules are in *Munchkin 4*, *5*, and *8*, and *The Good, the Bad, and the Munchkin*. Vehicle rules are in *Munchkin Impossible* and *Munchkin Apocalypse 2*. Ship rules are in *Munchkin Booty*, *Star Munchkin: Space Ships*, and *Star Munchkin 3*. The appropriate Enhancer rules are also in those supplements.
- **Room:** The Room rules are in *Star Munchkin 2*. If you don't have that set, just treat **Attic** like any other Door card.
- **Power:** A Power is a trait like a Class or Race. You can have total ranks of Power equal to your current Level, and you cannot have the same Power more than once. The Power in *Hidden Treasures* goes with *Munchkin Bites!*; other sets with Powers are *Munchkin Axe Cop*, *Super Munchkin*, and *Munchkin Zombies*.
- **Style:** Styles are found in *Munchkin Fu*. If you don't have that set, just treat **Boo Fu** like a Class or Race (but different from those).
- **Hireling/Sidekick:** These are equivalent (and also equivalent to **Allies**, **Comrades**, and **Minions**). These cards are in most *Munchkin* games. You can only have one Hireling-type card at a time, no matter the specific type.
- **Dragons:** If you have *Munchkin Dragons* or *Munchkin Dragon's Trike*, you already know how nasty the **Draconic** card can be. If not, don't worry about it. Yet.
