# MUNCHKIN<sup>®</sup> CHEATS

Experienced *Munchkin* players know the frustration of having exactly the right card for the situation and not being able to use it because of pesky “rules” and stuff.

Those days are *over*.

*Munchkin Cheats* gives you 30 cards that shuffle right into your existing *Munchkin* games. Two dozen of them are cheats old and new – some are very powerful and some are “fire and forget.” The other six cards are cards you do *not* want to face when you’re a dirty rotten cheater. In other words, it’s *Munchkin*, only more so!

## Using *Cheats* With Only a Single Game

To keep *Munchkin Cheats* from taking over players’ hands when playing with just one set, or one set with only a mini-expansion (15 to 30 cards), we recommend removing all extra copies of each card in *Cheats* with a duplicated name.
